REPORT :

That they have examined the same, and are satisfied that the petitioner is entitled to relief.

The Committee on Invalid Pensions of the last Congress reported in his favor, to which we refer, and adopt the same. A bill is accordingly reported for his relief.

JANUARY 16, 1839.

The Committee on Invalid Pensions, to whom was referred the petition of Charles Risley, report :

That it appears, from satisfactory evidence, that the petitioner was a soldier during the late war, and engaged in the battle at Mackinaw island, under the command of Colonel Croghan ; that in said engagement he was wounded, in the upper anterior part of the neck, by a musket-ball passing through the trachea. Three respectable physicians certify, on oath, that his present disability from this cause is two-thirds. The committee report a bill for his relief.
